

Built to Perform

If you want the best, this is it. The American Heritage Series® is TAMKO's finest line of laminated shingles. These attractive shingles simulate the rustic, dimensional look of wood shakes, without wood's high cost or safety concerns. Our unique Shadowtone granule blend gives them extra richness and depth. Their random-cut sawtooth design prevents the unsightly zipper patterns common with many other laminated shingles. And the extra-thick weather-resistant construction provides years of performance for your home's protection.

Heritage Algae-Relief (AR) shingles come with a limited warranty that provides for cleaning of discoloration caused by certain algae growth that may occur in warm, wet climates.

An Inside Look at Heritage Quality Construction

Top off your new roof with Heritage Hip & Ridge shingles. These specially cut shingles form a protective cap along the various angles of your roof and are available in colors to complement your Heritage Series shingles.

Shingle Dimensions (Approximate)		
Heritage® 30 AR	38-3/4" x 13-1/4"	5-5/8" exposure
Heritage® 50 AR	39-3/8" x 13-1/4"	5-5/8" exposure

Roofing products for the professional.

All Heritage® shingles feature double layers of durable fiberglass mat for strength. Each layer is coated on both sides with weathering-grade asphalt and topped with ceramic mineral granules for maximum roofing protection. A self-sealing strip of asphalt helps provide added wind resistance. Heritage 30 AR and Heritage 50 AR shingles meet ASTM D 3462 at time of manufacture. Each Heritage shingle is U.L.* listed for wind and fire resistance and is backed by a 30- or 50-year limited warranty** for your peace of mind.

HERITAGE® 30 AR

HERITAGE® 50 AR

* Heritage shingles are U.L. listed for Class A fire resistance. Every TAMKO shingle package carries an Underwriters Laboratories label verifying the shingles have passed extensive tests for fire and wind resistance.
 ** For specific information regarding TAMKO limited warranties, contact your local TAMKO representative.

Cover roof color is Thunderstorm Grey.
